

Mesh Series

The Mesh Series is a modern office chair designed for long-lasting comfort, airflow, and full adjustability. With a breathable mesh back, recycled materials, and a sleek design, it’s built for today’s dynamic office environments.

- Breathable mesh back promotes airflow to keep users cool and comfortable
- Wire-activated control system for smooth, effortless adjustments
- Seat depth adjustment of 2″ and height range of 18.75″–22.25″
- Flexible tilt tension with 90°, 100°, and 110° backrest angle options
- Armrests adjust inward/outward by 20° and height by 2.35″
- Designed with 95% recycled materials and GreenGuard certified
- Supports ergonomic posture in office, tech, or collaborative settings
